

Patent Information for IP Management

31 August – 2 September 2005
Singapore

Pre-Conference Clinic Programme (31st August 2005):
*Suntec Singapore International Exhibition & Convention Center
Level 3, Meeting Room 325*

Foundation clinics before the conference will provide participants with the tools and understanding to decode seemingly complex patent applications, specifications, and other documentation, as well as introduce them to the wide range of free and commercial information & services available. Participants may also benefit from presentations on the services offered by key national IP offices.
