

Search Facility for International Design Registrations in IP²SG

(Circular No. 02/2017, dated 20 February 2017)

A new search facility for International Design Registrations is now available in IP²SG.

This new facility allows you to conduct searches for International Design Registrations (filed through the Hague System) which had designated Singapore and which had been approved by the Intellectual Property Office of Singapore.

You can conduct searches using any of the following fields:

- International Registration No.
- WIPO Publication Date
- Bulletin No.
- Applicant's Name
- Locarno Class/Sub-Class
- Article Name

The facility can be found at the Public Search portal, under the search type "Design International Registrations".
