

ACCEPTABLE AND UNACCEPTABLE IMAGES

Do not include any extraneous items that do not form part of the design, in the image.

Do not include multiple views in 1 image file. Only 1 view per image is allowed.

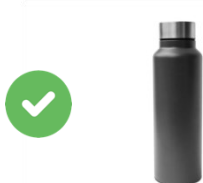

Do not include any test, characters, numerals, trademark elements, labels on the design (unless they are disclaimed in the application form).

Do not show your design on anything other than a plain, neutral, contrasting background.

Do not include items showing the design in use – images should only show the design intended for protection.

Do not include dimensions or descriptions in the image.

Do not cut off parts of the design in the images.

Do not submit exploded (disassembled) views of the design (unless they are labelled as “reference views”).
