

Trilateral List is now known as the TM5 ID List

(Circular No. 6/2015, dated 31 Aug 2015)

The Trilateral List is now known as the TM5 ID List. This follows the inclusion of Korea (KIPO) and China (SAIC) to the Trademark Trilateral cooperative framework started by Japan (JPO), European Union (OHIM) and the United States of America (USPTO).

We have updated our Trade Marks Classification of Goods or Services to reflect this change in name.
