

Intellectual Property Office of Singapore
Registry of Trade Marks
Circular No. 1/2021: New IP²SG website address; Launch of IP²SG Application
Programming Interfaces (APIs) for Trade Mark Application, Renewal and Management

New IP²SG website address

(Circular No. 1/2021, dated 01 February 2021)

As part of the Whole-of-Government initiative to ensure data security, IPOS' e-services portal (IP²SG) has been moved to <https://ip2sg.ipos.gov.sg>. The change to a ".gov.sg" domain in the URL will help to lessen public confusion and identify our website as a legitimate government digital service. For a limited period of time, when you access the old IP²SG website address (<https://www.ip2.sg/>), you will be automatically redirected to the new URL. You are strongly encouraged to update your bookmark with the new URL.

Launch of IP²SG Application Programming Interfaces (APIs) for Trademark Application, Renewal and Management

(Circular No. 1/2021, dated 01 February 2021)

As part of IPOS' continual effort to improve our customer experience through the adoption of technology, IPOS has launched a set of APIs on 01 February 2021 that will allow third parties to integrate key features from IP²SG into their own software solutions.

The functionalities of the APIs include:

- a. Filing an application for trademark registration
- b. Filing a renewal for a trademark registration
- c. Retrieving the latest list of goods and services for trademark application purposes
- d. Retrieving correspondences in your inbox
- e. Searching for the IP details using the trademark number

Accessing the APIs

To access the APIs, a CorpPass IP²SG account with administrative rights and GIRO payment enabled is required. Customers can request access to the APIs via this link: <https://ip2sg.ipos.gov.sg/RPS/WC/API/APITokenRequest.aspx>

Contact Information

If you have any enquiry or feedback on the APIs, please contact us at:
andrew_au@ipos.gov.sg

Ideas Today. Assets Tomorrow.
