The expiry of time periods or limits prescribed in the IP legislation falling within the specific period of 26 May 2022 to 5 June 2022 (both dates inclusive) will be extended to 6 June 2022. This is pursuant to rule 79(2) of the Trade Marks Rules, rule 98(2) of the Patents Rules, rule 59(2) of the Registered Designs Rules, rule 69(2) of the Plant Varieties Protection Rules and rule 87(2) of the Geographical Indications Rules 2019.

This will include the non-exhaustive list of time periods or limits as follows:

- i. Response to deficiency letters or examination reports;
- ii. Filing for renewal;
- iii. Submission to requests for reinstatement;
- iv. Filing notices of opposition or requests for extension of time to file an opposition;
- v. Claiming of priority for applications filing through IPOS to register a trade mark, a registered design, a patent or a plant variety protection².

(B) Filing Dates for Applications Filed

As EOS services and IPOS Go mobile app will not be available during the period from 26 May 2022 (0000 hrs) to 2 June 2022 (1159 hrs), applications for the registration/grant of an IP (including those for which priority is intended to be claimed) can continue to be submitted via FormSG³.

From 2 June 2022 (1200 hrs) onwards, such applications can be submitted via IPOS Digital Hub.

The filing date of applications will be accorded in the usual manner when submitted via FormSG and IPOS Digital Hub⁴:

- i. If the application is lodged any time during Mondays to Saturdays, the application (including those for which priority is intended to be claimed) will be accorded a filing date of that day when the application is lodged insofar as the applicable requirements are met; and
- ii. If the application is lodged on a Sunday or Public Holiday, the application will be accorded a filing date of the next following day that is not a Sunday or Public Holiday (as the case may be) insofar as the applicable requirements are met.

For Plant Varieties Protection and Geographical Indications, the default filing mode will be FormSG, as communicated in the [IPOS Digital Hub Practice Direction \(No. 1 of 2022\)](#).

² This also applies to the filing of a patent international application through IPOS.

³ For applications filed via FormSG, IPOS will send an electronic payment link (where applicable) with payment instructions upon successful receipt of your filing. IPOS will deem that the fees are paid as directed by the Registrar unless actual payment is not made by the specified deadline in our payment instructions.

⁴ WIPO's online portal for filing and managing patent applications, ePCT remains available for transacting with Singapore as the receiving Office.
